Technical data sheet

Paint runs through our veins.

KH-Spritzverdünner 8014 — 8014

Spray thinner for synthetic resin-based coatings for professional and industrial use

PRODUCT DESCRIPTION

Product numbers

8014000210

General

Standard thinner for adjusting the spray viscosity of solvent-based KH coatings (e.g. Vivido Brilliantalkyd (4503), Vivido Samtalkyd (4514), Vivido Expresslack (4504), Vivido Ferro-Color (4506), Vivido Alkyd-Primer (4501), etc.). Ideally suited for cleaning tools.

Application area

Additive for synthetic resin paints/varnishes.

For cleaning tools and equipment

PROCESSING

Processing instructions

- KH-Spritzverdünner 8014 (8014) must be incorporated carefully into the hardened varnish by stirring.
- Please observe the addition quantities and processing instructions in the technical data sheets of the respective products.
- Any change in the processing sequence, environmental conditions, non-observance of instructions or the use of products not listed may have an unfavourable effect on the result.

ORDERING INFORMATION

Size of trading unit

100 ml; 500 ml; 1 l; 5 l

FURTHER DETAILS

Our instructions are based on the current state of knowledge and are intended to advise the buyer/user to the best of our knowledge, but must be individually adapted to the areas of application and processing conditions. The buyer/user is responsible for deciding on the suitability and use of the supplied product, which is why we recommend that a sample be produced to check the suitability of the product. In all other respects, our General Terms and Conditions of Sale apply. All previous data sheets lose their validity with this edition. We reserve the right to make changes to container sizes, color shades and available gloss levels.
